

Notice to Owners
May 7, 2026

POOL IS OPENING SATURDAY, MAY 8TH AT 9AM

Good news....The Pool and Spa passed Fraser Health's inspection. You will notice new signs in the pool area. The adult and children's swim hours were not included on the signs in case they change in the future. Instead, they will be placed on a small sign attached to the fence.

The new hours approved at the November 2025 AGM are:

Pool Hours 9 AM to 9 PM
Spa Hours 9 AM to 9 PM
Adults Only over 18 Pool Hours:
Monday to Sunday 9 AM to 12 PM
And 7 PM to 9 PM

Damaged Main Vehicle Gate located on 216 St by the Clubhouse:

Council is aware the main vehicle gate has been damaged. Repairs have been organized and will be carried out as soon as possible by the company that maintains our gates, Thibault. Until that time the gate will remain open and sectioned off.

Some Gentle Reminders:

The speed limit in the complex is **15 KPM**. This is not a suggestion. The complex does not have sidewalks, and lighting is poor at night. Pedestrians and children are on our roadways at all hours.

With the warmer weather arriving, many residents will be enjoying fresh air with their windows open. We kindly ask everyone to be considerate of their neighbours by keeping noise levels down from **11PM until 7AM**. Thank you for being considerate.

Volunteers:

If anyone is able to help out, some of our older residents could use a hand removing their Christmas light hooks in preparation for the painting project. If you're willing to help, please contact Ed Kennedy or approach your neighbour. It's always nice when neighbours can lend a hand, and we truly do have such a wonderful community.

Thank you, from your Council
